

The Origins of where this association between the Crown (Chakra) and higher consciousness/God/Spirituality comes from.

No matter where we seem to look for information on, or about the chakras, whether that be in religion, spiritual, Initiatic, freemasonic, occult, theosophical, new age, ET or healing modality teachings, we always find that the crown chakra is our human energy connection with so-called higher consciousness. The reader may remember from the last chapter how I was shown the crown chakra was the Archons' preferred method of control, and main entry point for entities and lost souls, and that according to accounts offered by regressed reincarnated souls the crown chakra housed the 'Silver Cord', the 'soul's' vital link to God's Heaven whereby the 'lost soul' could continue to receive instructions and information from God's Heaven even when asleep. We find this taught in the Qabala and many other philosophies and spiritual teachings too. So, what is the true reality here and how has this association come about?

As we have come to discover in this chapter, our mythology and subsequent religious and mystery school teachings were all originally astrologically based, with the Sun – aka Christ/God - being the point and focus of these beliefs. When the priesthood managed to map out time accurately, reverence to the Sun and stars became prominent in their minds. In Egypt, gods were depicted with images of or its corona – rays - on or above the head. to the right where the Sun is depicted on head, on the crown. Image to the left:

We have seen how the sun's corona has been used around peoples' heads in paintings and descriptions, even in the Bible, to signify divinity, an angel or holy person, or an initiate, an enlightened one, or merely to symbolically show one's understanding of the 'mysteries'.

So we know that the sun and the sun's corona were important in ancient times and were also symbolic of both God and/or Christ in all our ancient cultures. However, another meaning for the corona of the sun is CROWN. The Sun was seen to be so important to the early priesthood that it was said to be the **crowning glory** of spiritual life, and Initiates were portrayed with a shining halo of light surrounding their heads to symbolise that they had risen beyond the limitations of the earthly plane, as we covered earlier. This reverence to the Sun God (Christ/Light) led to the ancient priest kings being **crowned** with this same symbology of the sun – sunburst crowns - to symbolise divinity and their communication with God, just as they did in ancient Egyptian times. This is where the word **coronation** comes from. The priest kings were '**corona-ted**', and **coronation** means '**ceremony of crowning a monarch**'. [Interestingly, Monarch comes from Mono meaning One, or Single, and Archon meaning Ruler, so Monarch means One Ruler. This is the Old World Order of control]

Historically, it then followed that many of our ancestral pharaohs, priest kings, kings, queens, emperors and so forth were Crowned and deified in this same symbolic way. They were revered and referred to as 'God', the Crowning Glory, as we covered in an earlier chapter. The ancient priesthood, as servants to God the Monarch, and being intermediaries between God the Monarch and the people, became known as the messengers of God – aka the angels – as we covered in an earlier chapter. Over time, this association with the Crown worn on the top of the head by God, the King, and its *symbolic* connection to the reverence of the monotheistic creator God, the Sun, was lost. Gradually, over time, through misunderstandings by the people, and with this *true* knowledge being held back by the priest-kings to inflate their egos and their self-importance, this helped to maintain their control over the people. So the route to God and divinity through the Crown, the top of the head, became manifest in the beliefs of the lawmakers of the time and the people who worshipped them. Eventually, access to God and divinity (previously only a symbolic gesture to the Sun/Christ), was seen to be through the Crown, the top of the head. Hence, today, access to higher consciousness/vibrations/dimensions, God, the

Hierarchy/Brotherhood, ET hierarchies, and spirituality, has now become associated with the *crown chakra*.

So the crown chakra has absolutely nothing to do with spirituality or higher consciousness at all.

Today, the Crown and the crown chakra have become the major gateway to, and connection with, the astral reality, God's Heaven and the Great Lord's Spiritual Hierarchy; a reality full of those thought forms created through the imbalance of our ego-intellectually compromised beliefs, and a reality full of all the so-called spiritual and divine lost souls, and the greedy, egotistical and manipulative lost souls from our ancestral past, who have ended up in this reality through their acts and beliefs. These are the Elders appointed by the psychic God because of their reverence and service to His astral beliefs. **This so-called association between the crown and spirituality derives purely from the ancient priesthood's (lawmakers) intellectual perception, and thus conceptualisation, of reality and their physical reverence to the Sun God, and later in time their own egotistical self-importance believing they and only they were the messengers of (this psychic) God.**

From accounts of lost (reincarnated) souls we have: "According to beings, through Reiki attunements we can become an individual God to heal ourselves and others... During a Reiki attunement, energy centers [sic] and channels through which God's Light flows opened up by a Reiki Master, who removes the blocks [natural in them. Through the Reiki attunements, people get connected with psychic God of the astral reality, Yaldabaoth ed.] and their higher guides [entity attachments], and as a result, increased amounts of 'Light', or 'Ki', energy [astral information] can flow through their crown chakras down through their hands, which can be used for self-healing or healing [infecting] others."⁷³ My interpretation in square brackets.

heavenly channel for people's in us are protection] God [the selves and healing

We know that the reincarnated souls travel through the silver cord from the crown chakra of their human hosts to the astral Heaven for training even while they are asleep. The crown chakra is also the entry point for the reincarnated lost soul when it attempts to 'meld' with its new 'host'. "From Heaven we go down through a tunnel (our connecting cord). Dr Modi: What part of the body do you enter through? Patient: The head."⁷⁴ It is through the crown chakra that thought forms and lost souls also enter, and this is the preferred route to enter the pregnant mother so the lost soul can make a direct connection with the foetus of the yet unborn child that has been chosen for them to possess. "My mother is five months pregnant. I had already sent a 'piece' of my soul to the fetus. I see a connecting cord going from me to the fetus. As I am getting ready to go down, I feel anxious. I do not want to go to another life, But I have to... I go down to the Earth through my connecting cord and enter the fetus directly. I am kind of pushed down into the womb."⁷⁵

The reader may be wondering just how these lost souls manage to enter humans so easily through the crown chakra and seemingly at will. The reasons for this we will look at in more detail later, but in short it is due to our beliefs, prayers, invocations, ceremonies and rituals that open up this crown chakra and allow them easy access into our energy fields.

Maybe we can now understand why the **Crown chakra** is so important to the Astral Lords of God's Heaven, the so-called Spiritual Hierarchy (Brotherhood). That is, the Archons' astral reality of thought forms and lost souls. It is the only sure-fire way they can enter into our energy fields and unload their programmed entities to pollute our soul/consciousness to try and change our belief systems to point the living human soul towards their reality. We may recall from the previous two chapters that this psychic God needs the energy from our beliefs to keep it alive and in power. However, *we now know that the crown chakra is not the seat of higher consciousness and the most spiritual chakra as we have been led to believe throughout our belief systems.* We now know that this is a ploy by the astral lords to dupe humans into opening up this chakra (and others) to allow lost souls and entities from the astral reality to pollute our human soul/consciousness. This is why I was shown how important this crown

chakra is to the Archons and their false spiritual reality, as I mentioned in the last chapter. The Crown chakra is the Archons' preferred method of attaching lost souls and thought forms to our energy fields in the guise of being spirit guides and/or guardian angels here to help us. This understanding also explains why people who meditate often receive - as one of the many gifts that are offered to them from this astral reality in meditation and/or even sleep - a Crown to wear on their head to help the astral beings communicate with us.

On the 26th July 1999, in one of my meditations whilst in this reality I met a being called Rameses, and this being gave me a put on my head. If we look at my drawing from my meditation find that the Crown I was given is also symbolic of the Sun. This most people believe to be divine or spiritual is just an astral of our many incorrect beliefs and spiritual mistakes due to the intellectual conceptualisation of reality, a reality made up of forms (egregors) of our own creation through our beliefs, and souls that have got lost on the way home due to their human belief that this reality was either divine or spiritual in nature.

Allow me to repeat what I have constantly stated in previous chapters. The main spiritual chakra in a living human being is the HEART CHAKRA and because this chakra houses the Assemblage Point (A.P.) it is important to keep this chakra flowing correctly from in to out and also clear from any external connections. Otherwise, when this important energy point is blocked or reversed like it is through many teachings and practises, the ensuing loss of purifying energy surrounding the body makes it easier for attachments to then come through the Crown Chakra. See Chapters Three and Seven for more on the importance of the A.P.
